RELEVANT EXPERIENCE

Accenture Technology Solutions

Bangsar, Kuala Lumpur

Trust and Safety Associate

August 2023 - Present

- Contributed as a reviewer and validation team member, overseeing backend processes of Android application software to safeguard users from potentially harmful applications, ad fraud, phishing, and spyware.
- Collaborated closely with support teams to validate issues within Android application software, ensuring application safety and user experience.
- Assessed content violations based on severity levels to support AI model training for automated content review; collaborated with clients through daily calls to refine policies, address policy gaps, and implement updated review guidelines across teams

Private Tutor

October 2022 - August 2023

- Tutored Mathematics and English to 15 students of different educational backgrounds ranging from an age of 8 to 18 years.
- Created lesson plans, review worksheets, and practise exams that resulted in pupils advancing by one grade level and acquired 100% satisfaction from parents.

Zeneration

Petaling Jaya, Selangor

Wealth Planner

June 2020 - December 2021

- Gained 54 customer's trust in expertise and made them more comfortable and secure in their decision, helping this segment of the population with their insurance needs.
- Exceeded March 2021 targets for enrollments (12 customers) and achieved Champion in Top Rookie Category.

LEADERSHIP EXPERIENCE

Google Developer Group (GDG) Cloud

Core Team

January 2024 - December 2024

- Co-organized **GDG Cloud KL DevFest 2024**, bringing together 500+ attendees for a major tech conference with expert-led sessions, live demos, workshops, and networking opportunities focused on cloud, AI, and generative technologies
- Coordinated monthly GDG KL and GDG Cloud KL Meetups in 2024, curating event agendas, securing venues, and collaborating with speakers to deliver sessions on cloud computing, software security, and emerging technologies for Malaysia's tech community

Google Developer Group (GDG) Cloud

Lead

June 2023-December 2023

- Directed **Next@Cloud DevFest Kuala Lumpur 2023** with 500+ attendees and **#GCPBoleh Season 5**, featuring live-coding sessions on website creation, data processing, machine learning, and AI development on Google Cloud
- Coordinated **Google I/O Extended 2023** with 200+ participants, featuring technical talks, expert panels, and live demos on GenAI, BigQuery ML, Document AI, Vertex AI, and Google's latest cloud innovations

- Organized a **Certification Study Group** for the **Google Cloud Professional Data Engineer** exam, delivering 6 weeks of structured learning through live sessions, community engagement, and Cloud Skills Boost resources

Developer Student Club UM

Community Lead

June 2020-March 2021

- Contacted and liaised with organisations and companies of different fields regarding sponsorship programs to cater to our events and classes.
- Created, managed, and implemented beneficial sponsorship programs involving sponsors.
- Managed intake of participants (100 students a week) to App Development, Cloud Management and Machine Learning classes which were hosted by the club.
